Phase1. CHARACTER LOCK PROMPT

Create the same characters consistently throughout every scene of the AgapeSync commercial.

Never change their facial identity, hairstyle, clothing style, age, proportions, skin tone, emotional atmosphere, or personality.

The audience should immediately recognize them as the same family.

1) Mother Character

Create a premium commercial character reference image for the main mother character of the AgapeSync brand.

She is a 30-year-old Korean mother with a warm, calm, and trustworthy appearance.

She has natural Korean facial features, healthy skin, soft dark-brown eyes, and a gentle smile that expresses emotional warmth rather than excitement.

Her hair is neatly tied back in a simple low ponytail.

She wears elegant but comfortable ivory knit homewear with warm beige lounge pants.

No jewelry except a simple wedding ring.

She stands inside a premium Scandinavian nursery filled with warm morning sunlight.

The room contains natural oak furniture, ivory curtains, warm beige bedding and minimal decoration.

She looks directly toward the camera with the same calm expression that should remain consistent throughout the entire commercial.

This image will be used as the visual identity reference for all future scenes.

2) Baby

Using the attached mother reference image, create the baby character for the same family.

The baby is a healthy six-month-old Korean infant with a gender-neutral appearance.

Round cheeks.

Small nose.

Bright dark-brown eyes.

Fine black hair.

Soft healthy skin.

A peaceful smile.

The baby wears a premium organic cotton beige bodysuit.

The baby is comfortably lying on warm beige bedding inside the same Scandinavian nursery.

The emotional atmosphere should feel peaceful, safe and deeply loved.

This image will become the permanent baby reference for every following scene.
